GOVERNOR HOUSE ENTRANCE FOYER, JAIPUR

- Client - Shri Kalyan Singh
- Location - Jaipur
- Site Area - 1000SqFt.
- Year - 2012

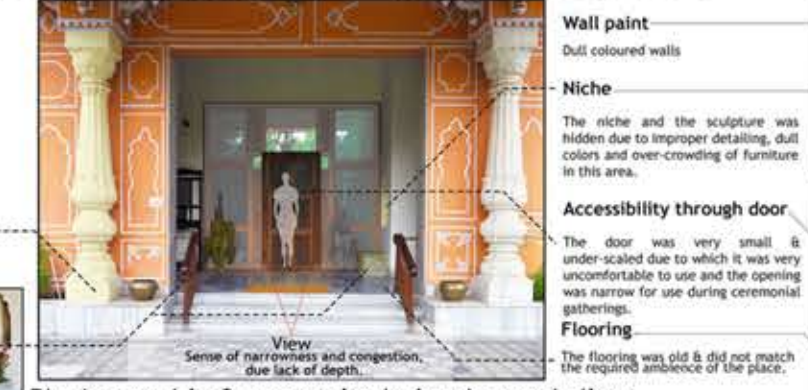

Consultants from Malviya National Institute of Technology, Jaipur were appointed for the purpose of conservation/ renovation/ beautification works of Raj Bhawan, Jaipur. As the first phase, the replacement of main entrance door & flooring of verandah of main building was taken up.

KEY ISSUES IDENTIFIED

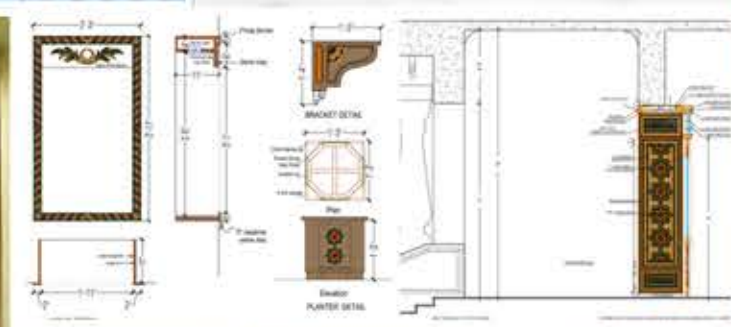

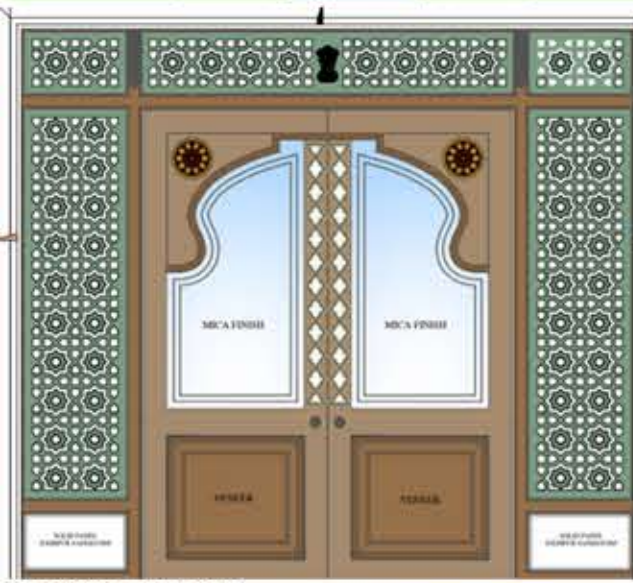

- Wall paint**
Dull coloured walls
- Niche**
The niche and the sculpture was hidden due to improper detailing, dull colors and over-crowding of furniture in this area.
- Accessibility through door**
The door was very small & under-scaled due to which it was very uncomfortable to use and the opening was narrow for use during ceremonial gatherings.
- Flooring**
The flooring was old & did not match the required ambience of the place.

Ground Floor Plan: main building

- Handrails**
The design & material of handrails were inappropriate.
- Columns**
Pale appearance of columns due to lack of maintenance and cleaning.
- Sculptures**
Over crowding due to incoordinated sculptures & furniture in this space.
- Planters**
Planters were not matching with surroundings.
